JOINT RESOLUTION.

BE IT RESOLVED by the Nobles and Representatives of the Hawaiian Islands, in Legislative Council assembled :

That, in the sense of this House, the de mands of France are so clearly unjust, and contrary to the laws of nations and to Treaty: and the course pursued by her is so incompatible with the existence of a regular independent government in thee Islands; if France should persist in such a course, it will be the duty of the king to shield himself and his kingdom from insult and oppression, by placing this kingdom under the protection of some friendly state, and that should such emergency be so urgent as not to admit of the Legislative Council being convened, it shall be left to His Majesty by and with the advice of his Privy Council under such emergency to consult the honor and safety of his kingdom, according to His Majesty's best judgment: and that whatever he may so do, will be binding upon the nation.
